LEARN TO PLAY

Our Program Philosophy

Victory Hockey at Skate Frederick offers a youth hockey experience focused on developing skills and having fun. Through a progression of programs — Basic Hockey skating, Learn to Play, Skill Development, and League play — we place each player at a level in which they are challenged, but not frustrated... comfortable, but not bored.

We foster an environment in which young people develop as athletes, leaders, and members of the community through a comprehensive hockey program that includes teamwork, sportsmanship, and good character. Our goal is for every participant—whether coach, player, or parent—to have the opportunity to improve his or her skills and knowledge of the game of hockey while experiencing all the enjoyment this great game provides. Our desire is to create hockey players and hockey families that will remain a part of the game throughout their lifetimes.
